Aquastar Ultimate

The waterbed solution combined with the Aquaboard brisket

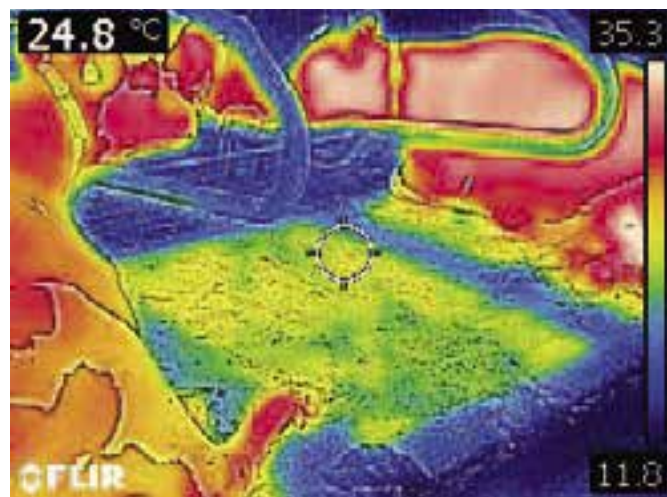

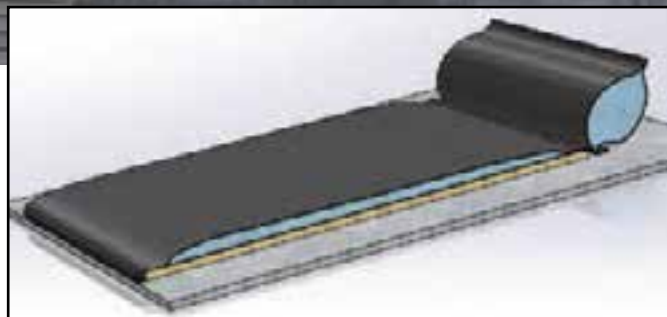

- The ultimate cow comfort mattress that also battles heat stress
- Eliminates pressure points
- Water mattress allows the animal to regulate its temperature
- Optimises blood circulation and increases milk production
- Continuous roll with one water chamber per cow space
- 35mm of high density latex covered with the Aquatop cover
- Latex underlay maximises comfort for the animal when rising and lying down eliminating the risk of injury
- The aquaboard allows you to adjust the length of the cubicle by adjusting the pressure
- Put in drawings from bioret brochure showing head leaving cow on mat.
- 15 year limited warranty
